NAME OF RACE Tourist Cup

WEATHER AND CONDITIONS Driech, but warm and turned glorious

DATE Wednesday 1st February 2017 From 1300hrs

RACE TYPE: Giant Slalom

COURSE: Lauberhorn

This started following the British School boy races. 140 boys had raced on the same course. A round many of the gates where what could have been considered berms rather than ruts. As well as this the course had been set to challenge the route finding skills of the racers. This proved quite a challenge for many of the seasoned racers. The first time racer seemed to excel and will be delighted he improved his time on his second run.

NAME OF RACE Combination Cup

WEATHER AND CONDITIONS Driech, but warm and turned glorious for GS. Cold and and clear with a hard piste for the Downhill

DATE Wednesday 1st February 2017 From 1300hrs

RACE TYPE: Giant Slalom

COURSE: Lauberhorn

The GS started following the British School boy races. 140 boys had raced on the same course. The ruts were deep. For the downhill the piste was race course hard with a trying top field to get to the start line, however the result was clean fast race with no crashes and no injuries. A very worthy winner whom we are likely to see back pushing for more top prizes.
